EXPERIENCE

Frontend Developer

Restoration Team

 February 2023 – August 2023  Germany

- Developed and maintained seamless and user-friendly user interfaces for web applications, optimizing the visitor experience.
- Collaborated with designers to implement and refine visual elements of the user interface, ensuring alignment with design vision.
- Worked closely with quality assurance teams to identify and resolve front-end bugs and issues, ensuring web application stability.

Frontend Developer

HNG Internship

 July 2023 – September 2023  Remote/Virtual

- Translating design concepts into interactive and visually stunning user interfaces by closely collaborating with UX designers.
- Communicating effectively with clients or stakeholders to gather project requirements, provide ongoing progress updates, and address any front-end-related queries.
- Implementing performance optimization techniques, including lazy loading, to significantly enhance website speed and overall user experience.

PROJECTS

Movie Discovery Web Application

Self-Funded

 2weeks

- I created a movie discovery web application that utilized the TMDB API to provide users with a visually appealing and responsive platform for exploring movies. Key features included a top 10 movie showcase, a search feature, and a detailed movie page. I also ensured robust error handling for a seamless user experience. The project enhanced my front-end development skills and showcased my ability to deliver user-centric web applications.

Restoration Team website

Company-Funded

 3months

Designed and developed a responsive website for a prominent German company. Ensured optimal user experience, cross-browser compatibility, and multilingual support. Ongoing maintenance to reflect the latest company offerings.
